

Site II Enzyme Selection Pipeline (30 enzymes from 1088 candidates)

All enzymes in Bio.Restriction

1,088

Has overhang defined

754

ATCG only (no degenerate)

446

Commercially available

380

Available from NEB

152

Overhang 2-5bp

111

Good ligation efficiency

107

No star activity

83

Regular enzyme (NOT Type IIS)

65

Methylation insensitive

47

Overhang in [-4, -3, +2]
